**HISTORICALLY UNDERUTILIZED BUSINESS ENTERPRISE (HUB) PARTICIPATION:**

It is the goal of the Waller County Commissioners' Court to have Historically Underutilized Business Enterprises (HUB) and labor surplus firm's participation when providing services under a contract. If proposer(s) awarded a contract as a result of this solicitation effort do not hold a HUB certification/designation, then the Awardee shall make and demonstrate a good faith effort to include the services of HUB participation under a contract. As a part of a good faith effort, Awardee agrees to work with and assist in meeting HUB participation in meeting HUB targets and goals, as may be required by any rules, processes or programs that have a requirement for such. Such assistance may include such things as compliance with reporting requirements, provision of documentation, consideration of Certified/Listed sub-contractors, provision of documented evidence that an active participatory role for a HUB entity was considered in a procurement transaction, etc.

The term HUB as used in this solicitation, is understood to encompass all programs, business enterprises such as Small Disadvantaged Businesses (SBE), Disadvantage Business Enterprise (DBE), Minority Owned Business Enterprises (MBE), Women Owned Business Enterprise (WBE), and Disabled Veteran Business Enterprises (DVBE).

There are many designations other than "HUB" used across the county within various jurisdictions. Examples include terms such as Disadvantaged Business Enterprises (DBE), Minority Owned Business Enterprise (MBE), Women Owned Business Enterprise (WBE), Small Disadvantaged Business (SDB), Small, Women or Minority-owned Business (SWAM), etc. Regardless of the formal designation, the overall objective of the relevant programs are basically the same, i.e. to insure that disadvantaged and underutilized members of the business community receive a fair share of public spending. The term HUB as used herein shall be understood to encompass all such programs/business enterprises, no matter what terminology is used.

The terms “Certified” and “Listed” as used in conjunction with HUB programs relate to the process of HUB qualification review. Jurisdictions usually require that companies claiming HUB status be reviewed and confirmed as meeting certain minimum requirements to claim that status, and that the review and confirmation process be carried out by certain designated entities. They are then “Certified” or “Listed” by having their name included on an official listing published by the Certifying or Listing Authority.

The procurement efforts of the County of Waller, especially when federal funding is involved, are subject to various requirements relative to purchasing goods and services from Historically Underutilized Business Enterprises (HUBs). These requirements are promulgated by federal and state governmental authorities, and may include measureable criteria such as “percentage of total dollars spent directed to “HUBs,” “number of HUB contractors used”, “HUB subcontractors employed by primary contractors”, etc. These requirements are generally formalized in goal-oriented programs.
