

CLASSIFICATION AND COMPENSATION STUDY AND ANALYSIS RFP

Questions and answers

- 1) How many classifications represent the full-and part-time employees?
 - a. Page 19 states 350 full-time and 15 part-time employees but we don't have classifications, which should be determined in the study.

- 2) We don't believe there is any way to conduct this study in 14 days as suggested in the RFP. We believe it would take at least 3 – 4 months. Will we be penalized if we suggest a longer timeline than the 14 days?
 - a. A time frame suggestion longer than the 14 days will not cause a penalty.
