

**Notice**  
**Virtual Public Meeting**  
**Interstate Highway 10 (I-10)**  
**From Farm-to-Market (FM) 359 to Mason Road**  
**CSJ: 0271-06-117**  
**Waller, Fort Bend, & Harris Counties, Texas**

Given the unique circumstance of the COVID-19 outbreak, along with our commitment to protecting public health during this national emergency, the Texas Department of Transportation (TxDOT) Houston District is conducting this virtual public meeting to avoid in-person contact.

TxDOT is proposing to widen Interstate Highway 10 (I-10) from Farm-to-Market (FM) 359 to Mason Road in Waller, Fort Bend, and Harris Counties, Texas. The virtual public meeting will be available on the TxDOT website beginning Thursday, March 25, 2021 at 5:30 p.m. To log onto the virtual public meeting, go to [www.txdot.gov](http://www.txdot.gov), keyword search "I-10 from FM 359". The virtual public meeting will consist of a pre-recorded presentation by the project team, project exhibits and other information and an opportunity to comment. If you do not have internet access, you may call (713) 802-5076 to ask questions about the project and access project materials at any time during the project development process. Formal comments may be provided by mail, online, or email as explained below.

The purpose of the virtual public meeting is to present the proposed project to the public and receive comments. TxDOT is proposing the addition of two managed lanes, two general purpose lanes, and the extension of frontage roads (in sections) on I-10 from Mason Road to FM 359 in Fort Bend, Waller, and Harris Counties. The length of the project is approximately 13 miles.

The proposed project would reconstruct I-10 to add two managed lanes and two general purpose lanes from FM 359 to United States Freeway (US) 90/Katy Mills Boulevard. From US 90/Katy Mills Boulevard to Mason Road, I-10 would be restriped to add the new managed lanes. Additionally, frontage roads would be extended from Pederson Road to US90/Katy Mills Boulevard.

The existing I-10 right-of-way (ROW) varies within the project limits, typically ranging from 320 to 400 feet. Approximately 102 acres of new ROW would be required in the sections where reconstruction is needed. No additional ROW would be needed in the section where only restriping would occur (Harris County).

Any environmental documentation or studies, maps and drawings showing the project location and design, and other information regarding the proposed project are available online at [www.txdot.gov](http://www.txdot.gov), keyword "I-10 from FM 359".

The pre-recorded virtual public meeting will be available in English and Spanish. If English or Spanish is not your primary language and you have difficulty communicating effectively in English or Spanish, or you need an interpreter or document translator, one will be provided to you upon request. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you are a person with a disability who requires an accommodation to participate in the virtual public meeting, please contact the TxDOT Houston District Public Information Office at (713) 802-5076 or by email at [hou-piowebmail@txdot.gov] no later than 4:00 p.m., March 22, 2021. Please be aware that advance notice is required as some accommodations may require time for TxDOT to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to the TxDOT Houston District Office, Advanced Project Development Director, PO. Box 1386, Houston, TX 77251. Written comments may also be submitted by email to [hou-piowebmail@txdot.gov](mailto:hou-piowebmail@txdot.gov) or online at [www.txdot.gov](http://www.txdot.gov), keyword search "I-10 from FM 359". Please reference CSJ 0271-06-117 on all comments. All comments must be received on or before April 12, 2021, to be included in the virtual public meeting summary report. Responses to comments received will be available online at [www.txdot.gov](http://www.txdot.gov), keyword search "I-10 from FM 359", approximately four months after the close of the comment period.

If you have any general questions or concerns regarding the proposed project or the virtual public meeting, please contact the Chance Norman P.E. at (832) 450-1056.

**The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.**
